

Ciudad Victoria Tamaulipas, January 22nd 2026.

**C. MAGID VELEZ ASSAD,
PRESIDENT,
CLUB ROTARIO CIUDAD VICTORIA A.C.
P R E S E N T E.-**

Regarding the project on the needs at our Children's Hospital of Tamaulipas, which we have been working on with your Rotary Club Ciudad Victoria, for the provision of the following equipment, materials, and supplies:

1. Equipment to have a contrast media injector for the Phillips C.T. Scanner currently in operation.
2. Supplies to perform 100 C.T. scans using the new injector with contrast media.
3. Two radiolucent stretchers for the two emergency rooms.
4. Two LED ceiling lights for the two emergency rooms.

Through this letter, we hereby commit, as the Institution and Collaborating Organization of the Project, to include in our 2026 annual budget the necessary supplies to use the injector provided by this project, and to ensure that C.T. scans with contrast media are performed. We also commit to providing ongoing training to the technicians who currently operate the C.T. Scanner, as well as to resident doctors and trainees assigned to the hospital, so that they learn to use the C.T. with contrast media.

Regarding maintenance, we commit to including it in the current C.T. maintenance contract or contracting the required maintenance as stipulated by the manufacturer's and/or distributor's warranty policy, to ensure the sustainability of the equipment service and the achievement of project objectives.

Regarding the two stretchers and two lights for the emergency rooms, we commit, as the Institution and Collaborating Organization, to train the doctors and nursing staff who receive children in these areas to properly use and care for all four pieces of equipment, ensuring their longevity and sustainability in accordance with their expected lifespan, and to carry out the maintenance as specified in the equipment manuals.

SINCERELY,

**DR. VICENTE PLASCENCIA VALADEZ
GENERAL MANAGER CHILDREN'S HOSPITAL OF DE TAMAULIPAS.**
