- & Hopefully You!

The history of Castro Limon Foundation – Our Partner organization

BACKGROUND

A PROJECT OF LOVE

2003

Passing of Juan Carlos Castro Munguía and Irineo Limón Vargas, initiators of the cause.

2003

Fundacion Castro Limon A.C. is born, to procure funds in benefit of children with cancer.

2004

Construction of the Pediatric Oncology Center of B.C. (COP Hospital) begins.

2007

COP Hospital initiates operations to provide integral treatment to children

IDEALOGICAL HEART

CASTRO-LIMON FOUNDATION

MISSION

Provide hope and quality of life to children with cancer at the Pediatric Oncology Center (COP Hospital.)

VISION

Achieve a childhood without cancer, via prevention and investigation through the Pediatric Oncology Center of Baja California, as well as generating strategic alliances nationally and internationally.

RESULTS

THAT GIVE HOPE

262,031 Health services offered between 2003 to today

Average cost per treatment between **50,000 dhs** and **60,000 dhs** without complications

Integral care of more than **297** families

116 Children & adolescents declared "Cancer Free"

76 Patients being treated currently

285,102 Health Services offered between 2003 to today

Castro Limon | Sterilization & Operating Center

Project Description: This project supports the upgrade/update of the sterilization equipment & operating table to be in compliance with new Mexican FDA (COFEPRIS) requirements to insure continued treatment of children with Cancer In-house. This decreases total cost of programs from requesting use of external sterilization.

Project Cost: \$72K

Global Grant # [GG2342772](#)

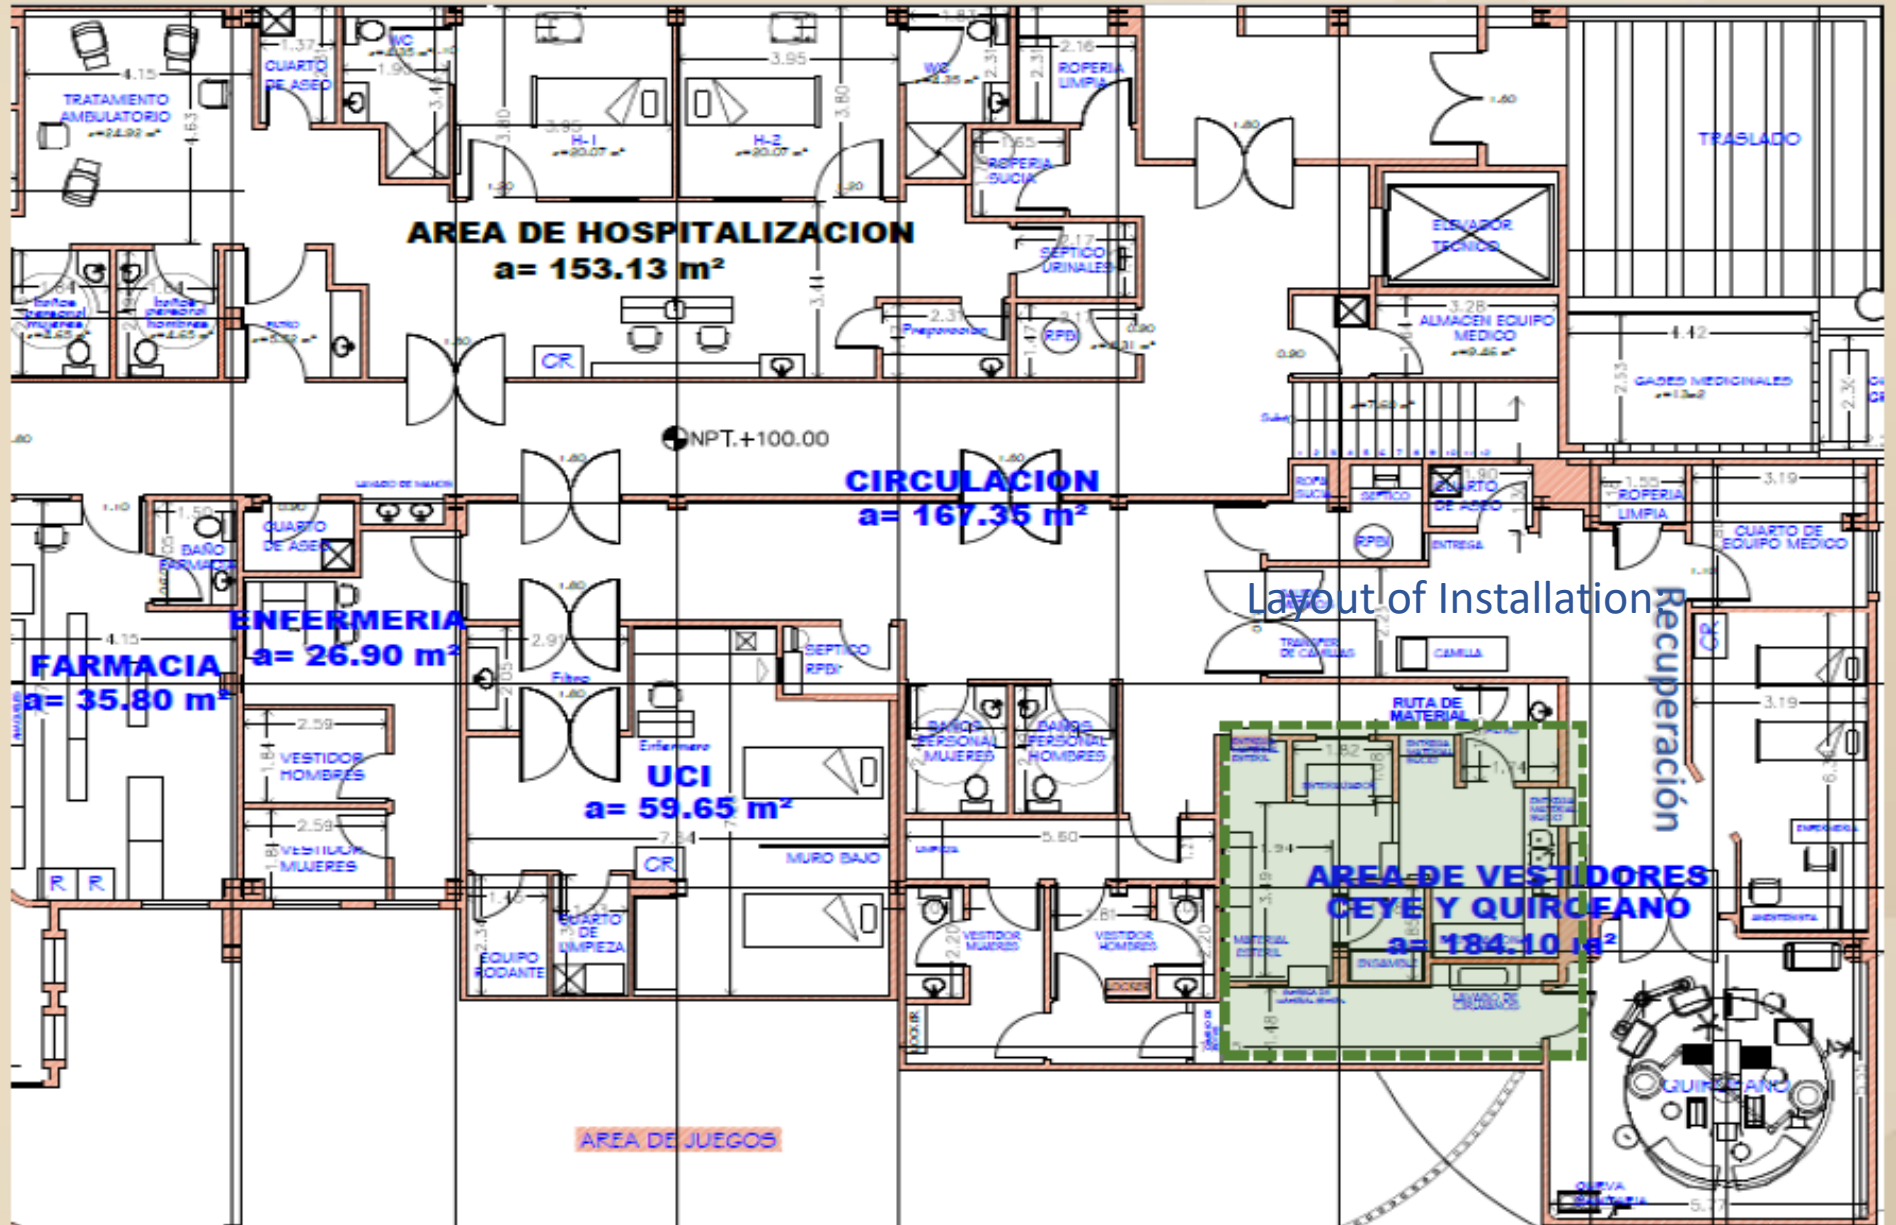

Time line: 12 months

Area of interest: Disease prevention & treatment

Sustainability: Castro Limon foundation has fundraising to support sustained maintenance and service of the operating room & equipment
